This Week's Questions

- Code Upgrade / Extended Replacement
- Buy or Rebuild
- Insurance Code Section 2051.5
- Contents Inventory/ Itemization
- Insurance on non-existent property
- Additional Living Expenses

CA Insurance Code 2051.5 is KEY

- Almost every one of the questions I get involves some part of this newly-clarified legislation
 - Replacement Cost
 - Additional Living Expenses
 - Extended Replacement Coverage
 - Code Upgrade
 - Buy or rebuild?

Determining Coverage A - Dwelling

- **2051.5**
- (a) (1) Under an open policy that requires payment of the replacement cost for a loss, the measure of indemnity is the amount that it would cost the insured to repair, rebuild, or **replace the thing lost or injured**, without a deduction for physical depreciation, or the policy limit, whichever is less.

What does this mean???

- The amount you are owed is based upon the cost to rebuild the home you LOST, plus code upgrades, up to the policy limit.
- In most cases, you will need an estimate to determine what it would have cost to rebuild your prior home, even if you do not intend to rebuild it.

Code Upgrades – 2017 Fires

- 2051.5

(c) In the event of a total loss of the insured structure, no policy issued or delivered in this state may contain a provision that limits or denies payment of the replacement cost in the event the insured decides to rebuild or replace the property at a location other than the insured premises. However, the measure of indemnity shall be based upon the replacement cost of the insured property and shall not be based upon the cost to repair, rebuild, or replace at a location other than the insured premises.

Code Upgrades – 2018 Fires

- 2051.5 (c) In the event of a total loss of the insured structure, a policy issued or delivered in this state shall not contain a provision that limits or denies, on the basis that the insured has decided to rebuild at a new location or to purchase an already built home at a new location, payment of the building code upgrade cost or the replacement cost, including any extended replacement cost coverage, to the extent those costs are otherwise covered by the terms of the policy or any policy endorsement. However, the measure of indemnity shall not exceed the replacement cost, including the **building code upgrade cost and any extended replacement cost coverage**, if applicable, to repair, rebuild, or replace the insured structure at its original location.

What's Included in Code Upgrades?

- As always, read your policy, as the language varies.
- In general, this coverage pays the amount to bring THE HOME YOU LOST up to current building codes, up to available limits.
- This means things that were not there, but will need to be added in order to gain occupancy after rebuilding. i.e. sprinklers, solar, energy efficiency upgrades, etc.
- The cost can be “rolled into” purchase and upgrading of a new house, but the amount is determined by the old house.
- This coverage is usually paid “as incurred” (meaning \$ is spent) but insurer has discretion.
- Often, you have to show that the city/county will enforce the codes in order to get payment.

Buying vs. Rebuilding

- The process is almost identical for all the different options (rebuild/buy/codes)
- The most important thing: KNOW HOW MUCH IT WOULD COST TO REBUILD THE HOUSE YOU LOST up to the policy limits.
- If buying you will also need a CODE BID for the house you lost, NOT the new one!
- If you were paid the full policy limits you will most likely not need an estimate

TIME LIMIT TO REBUILD/REPLACE

- 2017 FIRES:
- (b) (1) Except as provided in paragraph (2), no time limit of less than 12 months from the date that the first payment toward the actual cash value is made shall be placed upon an insured in order to collect the full replacement cost of the loss, subject to the policy limit. Additional extensions of six months shall be provided to policyholders for good cause. In the event of a loss relating to a “state of emergency,” as defined in Section 8558 of the Government Code, no time limit of less than 24 months from the date that the first payment toward the actual cash value is made shall be placed upon the insured in order to collect the full replacement cost of the loss, subject to the policy limit. **Nothing in this section shall prohibit the insurer from allowing the insured additional time to collect the full replacement cost.**

TIME TO REPAIR/REPLACE

- 2018-2019 FIRES:
- (b) (1) (A) (i) A time limit of less than 12 months from the date that the first payment toward the actual cash value is made shall not be placed upon an insured in order to collect the full replacement cost of the loss, subject to the policy limit.
- (ii) In the event of a loss relating to a “state of emergency,” as defined in Section 8558 of the Government Code, a time limit of less than 36 months from the date that the first payment toward the actual cash value is made shall not be placed upon the insured in order to collect the full replacement cost of the loss, subject to the policy limit.
- (iii) This section does not prohibit an insurer from allowing the insured additional time to collect the full replacement cost.

- (B) An insurer shall provide to a policyholder one or more additional extensions of six months for good cause pursuant to clause (i) or (ii) of subparagraph (A) if the insured, acting in good faith and with reasonable diligence, encounters a delay or delays in approval for, or reconstruction of, the home or residence that are beyond the control of the insured. Circumstances beyond the control of the insured include, but are not limited to, unavoidable construction permit delays, the lack of necessary construction materials, or the unavailability of contractors to perform the necessary work.
- (2) In the event of a covered loss relating to a state of emergency, as defined in Section 8558 of the Government Code, coverage for additional living expenses shall be for a period of no less than 24 months from the inception of the loss, but shall be subject to other policy provisions. An insurer shall grant an extension of up to 12 additional months, for a total of 36 months, if an insured acting in good faith and with reasonable diligence encounters a delay or delays in the reconstruction process that are the result of circumstances beyond the control of the insured. Circumstances beyond the control of the insured include, but are not limited to, unavoidable construction permit delays, lack of necessary construction materials, and lack of available contractors to perform the necessary work. Additional extensions of six months shall be provided to policyholders for good cause.

ALE Time Limits – 2017 Fires

2051.5

(2) In the event of a covered loss relating to a state of emergency, as defined in Section 8558 of the Government Code , coverage for additional living expenses shall be for a period of 24 months, but shall be subject to other policy provisions, provided that any extension of time required by this paragraph beyond the period provided in the policy shall not act to increase the additional living expense policy limit in force at the time of the loss. This paragraph shall become operative on January 1, 2007.

ALE TIME LIMITS – 2018 Fires

(2) In the event of a covered loss relating to a state of emergency, as defined in Section 8558 of the Government Code, coverage for additional living expenses shall be for a period of **no less than 24 months** from the inception of the loss, but shall be subject to other policy provisions. **An insurer shall grant an extension of up to 12 additional months, for a total of 36 months**, if an insured acting in good faith and with reasonable diligence encounters a delay or delays in the reconstruction process that are the result of circumstances beyond the control of the insured. Circumstances beyond the control of the insured include, but are not limited to, unavoidable construction permit delays, lack of necessary construction materials, and lack of available contractors to perform the necessary work. Additional extensions of six months shall be provided to policyholders for good cause.

Effective September 21, 2018

Is it Automatic?

- No. The amount you are owed is generally the **shortest time required to rebuild, replace or for your household to settle elsewhere.**
- In most cases, you will need to show that you were acting with “reasonable diligence” in rebuilding or buying. Keep a diary of your obstacles to show carrier. Write to them about your decision making process on buying v. rebuilding.
