

# Free Consultation with an Insurance Lawyer

**Saturday – May 12, 2018, 10AM-1PM**

Bay Area Legal Aid

575 Lincoln Ave #210, Napa 94558 707-259-0579

**What is the event?** The non-profit United Policyholders, in partnership with Bay Area Legal Aid, California Rural Legal Assistance, Inc., and the San Francisco Trial Lawyers Association, will present basic information on laws and consumer protections related to insurance policies, coverage and claim settlements, immediately followed by one-on-one consultations with volunteer lawyers with expertise in insurance legal matters.

**Who should attend?** Homeowners and renters whose insured property was damaged or destroyed in the recent wildfires. Some of the issues you can discuss with an attorney may include but are not limited to:

- What can I do if my insurer is offering **less money** than I believe I'm entitled to?
- What are my rights if I'm underinsured?
- What can I do if I don't have enough money to rebuild?
- My adjuster is **uncooperative** or hard to communicate with
- I want to **buy a replacement home** instead of rebuilding
- I'm concerned about **smoke damage** and my health
- I'm considering hiring a **public adjuster** or **attorney**
