Dear Ms. Bach,

El Paso County has appreciated your work in assisting our residents after two devastating wildfires and post-fire flooding. We would welcome the opportunity to resume coordination with United Policyholders (UP) on flood recovery and preparedness outreach and education in El Paso County.

We support UP's pro-active program to raise public awareness of the increased risk of flooding that residents now face in and near wildfire burn areas. In turn, this would help people and businesses take action steps to avoid losses and protect property, and create or maintain affordable insurance safety nets.

We appreciate the years of recovery support United Policyholders provided to the Black Forest and Waldo Canyon wildfire survivors. Their staff and volunteers have stayed engaged in our community as a much needed resource and source of information on insurance and personal preparedness.

Sincerely,

Sallie Clark  
El Paso County Commissioner District 3
